LET'S MAKE MAGIC

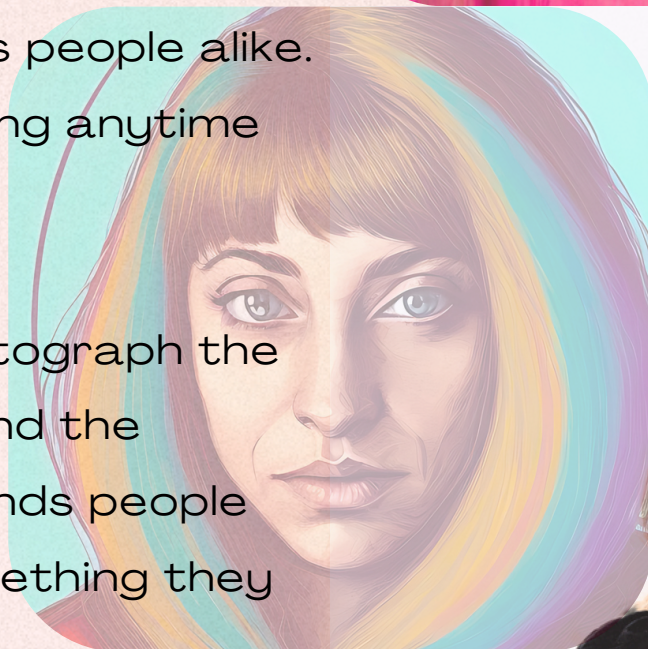

OH, HEY!

I'm Mysi (pronounced "Missy")!

Over the past 14 years, I've photographed ruffians and artists and weirdos and business people alike. And I don't plan on stopping anytime soon.

I am on this earth to photograph the raw, explosive emotion and the raucous JOY that surrounds people when they are doing something they love.

When I'm not hiding behind my camera, you can find me cuddling my partner and our 3 dogs, reading fantasy novels, running by the ocean or eating everything in sight.

A full-page photograph of a wedding couple holding hands and smiling at each other. The groom is on the left, wearing a dark blue suit, and the bride is on the right, wearing a white lace dress. They are standing outdoors with green trees in the background. A vibrant double rainbow arches over them against a clear blue sky. The word 'WEDDINGS' is printed in a large, white, serif font across the middle of the image, with the subtitle 'SERVICES & PRICE GUIDE' in a smaller, teal, sans-serif font below it.

UTTERANCES

Our photos are so full of life and every moment was captured with true brilliance. The **subtleties**. The **colors**. The **quality**. Everything turned out better than I ever could imagine.

-A + J

By the end, it really felt like I had hired a best friend I didn't know I had. And the end product was everything we wanted, from **sci-fi** action thriller to achingly beautiful **art** shots.

It's not just that she has the eye, and it's not just that she has the skill—it's that she gets to the **heart** of the matter. The **quiet** moments, the **loud** ones, the **irreverent**, the **unforgettable**.

Just book her, already.

-S+L

We were **tough** clients with a lot of special requests and unique situations, and Mysi just crushed it.

-S+G

You should never hesitate to trade your **cow** for a handful of **magic** beans.
